Summary of Work in 2024

In 2024, under the leadership of the Council, the Secretariat vigorously advanced the implementation of the strategies of "Internationalization Hub" and "Going-Global Platform", achieving satisfactory results in both internal governance and external cooperation, and accomplishing the expected goals.

I. Standardize Internal Governance

The *Articles of China Association for NGO Cooperation* passed by the 8th General Assembly of Members were approved by the Ministry of Civil Affairs and officially took effect on October 14, 2024. In accordance with the provisions of the Articles, CANGO held 1 Council meeting and 3 Standing Council meetings within the year, discussing and deliberating on matters such as institutional system construction, annual work plans, and new member applications. A total of 11 employee capacity-building trainings and lunch sharing sessions were conducted, covering topics such as collaborative office work, industry development policies, communication techniques for climate issues, and international network platforms.

II. Strengthen Team Building

Team building was the top priority of the Secretariat's work in 2024. To attract and retain talents, under the leadership of the Council, the Secretariat formulated a new salary and performance system and related supporting mechanism, and optimized the welfare plan, striving to combine system with warmth. The new human resources system will provide employees with two-way upward career development channels in both the management and professional sequences, support employees in achieving their career

development goals, and help the institution achieve sustainable development. In addition, the Secretariat organized leaders and key team members of the Secretariat to participate in leadership training to comprehensively improve the team's professional level and competitiveness.

III. Innovate Business Models

In 2024, based on stabilizing traditional international cooperation projects, the Secretariat actively explored new business models. Traditional international cooperation projects carried out a number of projects in topic areas such as climate change, gender equality, and the participation of CSOs in promoting the Sustainable Development Goals. The total project income was 15.78 million yuan, the total project expenditure was 10.03 million yuan, and the number of direct beneficiaries of the projects exceeded 84,000 person-times. In addition, the Secretariat established a business segment for overseas cooperation between social organizations and enterprises, committed to promoting partnerships between Chinese enterprises and CSOs, building a multi-party dialogue platform, and supporting enterprises in effectively fulfilling their social responsibilities overseas.

IV. Upgrade Member Services

The Secretariat formulated a set of member service plans, including dynamic management, need assessment, information sharing, and project cooperation. In 2024, 21 new members from Shanxi, Shandong, Hunan, Chongqing, and Hainan Provinces were admitted. In addition to expanding the geographic areas, the number of member organizations

focusing on "going-global" was increased. The member section on the official website was upgraded to make the membership process, rights, and responsibilities more transparent, standardized, and visual. The coordination mechanism between project cooperation and member services was enhanced. Fully considering the professional strengths of member organizations, CANGO prioritized selecting its project partners and industry training activities from among its members. To date, over 100 services have been provided, covering nearly 30 member organizations.

V. Participate in Global Governance

Leveraging its platform advantages, CANGO actively engaged in international conferences and multilateral platforms in 2024. Specifically, it sent representatives to participate in 5 United Nations system meetings in Kenya, the United States, and Azerbaijan, as well as 5 multilateral and international network meetings in Brazil and Botswana. Additionally, CANGO organized 8 side events, 2 press conferences, and 3 thematic exhibitions. By understanding the working mechanisms of international platforms, CANGO supported Chinese CSOs in their global outreach through the development of knowledge products, capacity-building workshops, and by providing registration channels and travel subsidies for conference participation. These efforts contributed to enhancing Chinese civil society's role in global governance.

VI. Lead Industry Development

CANGO actively promoted the development of innovative and cross cutting issues. In 2024, it provided trainings on the

cross cutting issues of gender and climate for 30 environmental protection organizations nationwide, released the publication titled Her Stories in Environment Protection and conducted international dissemination at COP29 to raise awareness of the cross cutting issues between climate and gender both domestically and internationally. Additionally, CANGO participated in the selection process for the "Gender Equality Award in Promoting Climate Action", established by the Central Asia Regional Economic Cooperation Program of the Asian Development Bank, and was awarded the organization award.

Work Plan for 2025

In 2025, under the leadership of the Council and driven by the CANGO's vision and mission, the Secretariat will steadily promote the implementation of the strategy, drive industry development through member services, actively integrate domestic and international resources, continuously expand new businesses, and fully leverage its role as an internationalization hub and a platform for going global.

I. Improve Team Efficiency

Starting from January 2025, the Secretariat will implement the new salary and performance management system. This will involve improving employees' salary and welfare levels, reflecting the institution's commitment to humanistic care and fostering a warm organizational culture. By doing so, the Secretariat aims to fully mobilize employees' work enthusiasm and creativity, and enhance their value contributions to CANGO. Secretariat leaders will take the lead in participating in leadership training and will support team members in engaging in business

training and industry exchange activities both domestically and internationally. These efforts will provide team members with opportunities and the necessary resources to enhance their professional capabilities.

II. Give Full Play to the Role of Council Member

The Secretariat will fully leverage the professional expertise and resource advantages of Council members to provide strategic guidance and support. This will help the organization overcome challenges in implementing its strategies and achieve its strategic goals. By establishing working group initiatives focused on "Going-Global" and "Climate Change plus", a long-term mechanism for communication and cooperation with Council members will be developed. Through collaborative efforts among Council members, the Secretariat aims to promote the healthy and sustainable development of the whole sector.

III. Optimize Business Segments

Building on the foundation of traditional projects, the Secretariat will actively explore new business opportunities, such as overseas cooperation projects between enterprises and CSOs, as well as initiatives to support domestic foundations in expanding globally. Additionally, a strategy for engaging with international platforms will be developed to enhance the capacity of CSOs to participate in international exchanges and advocacy. The Secretariat will also deepen its involvement in international conferences of the United Nations system and multilateral platforms to boost the participation and contributions of domestic CSOs on these global stages.

IV. Promote Member Collaboration

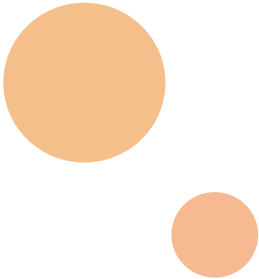

The Secretariat will establish a dynamic member management system and continuously enhance communication and interaction with members through various means, including WeChat groups, quarterly activity announcements, and regional exchange meetings. By expanding the member network and integrating diverse resources, the Secretariat will create a platform for sharing and collaboration among members, thereby further promoting the high-quality development of the industry.

V. Build a Brand Image

The Secretariat will collaborate with professional communication agencies to enhance employees' brand-building capabilities and increase brand awareness for CANGO. These efforts will include exploring potential flagship projects and developing a cohesive brand image, thereby further strengthening CANGO's influence and credibility within the industry.

VI. Strengthen Risk Control

The Secretariat will fully leverage the role of the Party branch to conduct political reviews on major matters. Employees will be organized to regularly update the risk register, thereby accumulating experience. The role of legal advisors will be fully utilized to conduct legal reviews on contracts, processes and systems, and other relevant documents. Capacity-building training will be provided for employees to enhance their risk awareness and their ability to identify and respond to potential risks.

可持续国际合作：社会组织走出去项目

Sustainable International Cooperation: Increase Chinese Social Organization's Capacity on Going Global

17 促进目标实现的
伙伴关系

项目自2015年启动，旨在推动中国社会组织参与以二十国集团民间社会会议（C20）为代表的国际多边平台的政策倡导，增强其国际事务参与能力。

2024年，巴西担任G20主席国，在C20配套活动基础上，首次设置社会峰会。今年也是中国社会组织在疫情之后首次线下参与C20。中国民促会发挥平台作用，面向社会组织开发推广《新兴倡导平台参与手册》，组织巴西C20宣介会，借助巴西C20主办方代表来华契机，邀请其来京交流，并支持3位社会组织代表赴巴西参会。G20社会峰会期间，参与联合主办“凝聚减贫合力，为可持续发展贡献民间力量”主题边会，分享中国减贫经验。

十年来，项目通过知识生产、培训赋能、社群培育、资源支持以及举办边会、提交政策建议等形式，持续提升社会组织参与国际倡导的深度与效果。

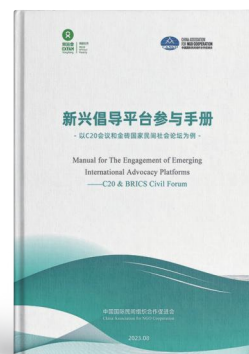

The project was launched in 2015 with the aim of promoting the participation of Chinese social organizations in international multilateral platforms, such as the Civil 20 (C20), and enhancing their capability to engage in international affairs.

In 2024, Brazil served as the G20 Chair, and for the first time, a Social Summit was established in addition to the C20 Summit. This year also marks the first time that Chinese social organizations have participated in the C20 offline after the pandemic. CANGO has played a platform role by developing and promoting the *Manual for the Engagement of Emerging International Advocacy Platforms* for social organizations, organizing the Brazil C20 briefing session, and inviting representatives from the Brazil C20 host organization to visit Beijing for exchanges. CANGO also supported three representatives from Chinese social organizations to attend the event in Brazil. During the G20 Social Summit, CANGO co-hosted a side event themed "Pooling Efforts for Poverty Alleviation and Contributing Non-Governmental Forces to Realizing the Sustainable Development Goals", sharing China's poverty reduction experience.

Over the past decade, the project has continuously enhanced the depth and effectiveness of Chinese social organizations' participation in international advocacy through knowledge production, capacity-building training, community cultivation, resource support, as well as hosting side events and submitting policy recommendations.

“回顾COP29，展望COP30——支持中国环保社会组织参与国际气候治理机制”研讨会

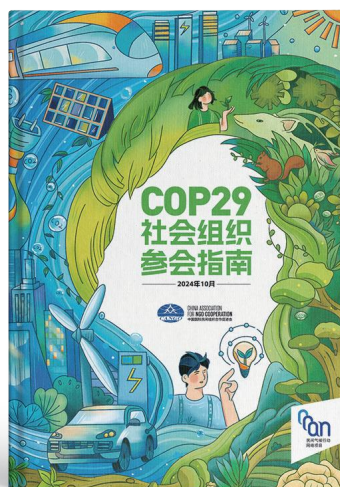

Seminar on "From COP29 to COP30: Supporting Chinese Environmental Social Organizations' Participation in the International Climate Governance Mechanism"

项目旨在发挥中国民促会的平台作用和在气候议题上的资源优势，支持国内环保组织提升专业能力，更有效地参与全球气候治理。

2024年，项目为环保组织参与联合国气候变化大会提供全方位支持。会前，开发《COP29社会组织参会指南》，为参会组织提供全面且实用的参会指导，协助有需要的参会代表进行注册并提供差旅支持；会中，通过在COP29现场举办联合国新闻发布会、边会、主题展览等活动，为中国环保组织提供与国际同行交流经验和探索合作的平台；会后，项目在北京举办“回顾COP29，展望COP30——支持中国环保社会组织参与国际气候治理机制”行业研讨会，邀请气候领域专家和实践者共同探讨环保组织高效参与国际气候治理的路径，提升在地气候行动效果的策略，持续推动国内社会组织在国际气候进程中发挥积极作用。

The project aims to leverage the platform role of CANGO and its resources in climate change issues to support Chinese environmental CSOs in enhancing their professional capabilities and more effectively participating in global climate governance.

In 2024, the project provided comprehensive support for Chinese environmental social organizations to participate in the COP29. The project developed the *COP29 Participation Guide for Social Organizations*, offering practical guidance for attending the conference. It also assisted representatives in need with registration and provided travel support. The project organized a series of activities, including UN press conference, side events, and thematic exhibitions on-site at COP29, creating a platform for Chinese social organizations to exchange experiences and explore cooperation with international peers. After the COP29, the project held a seminar titled "From COP29 to COP30: Supporting Chinese Environmental social organizations' Participation in the International Climate Governance Mechanism" in Beijing, inviting experts and practitioners in the field of climate change to discuss strategies for environmental social organizations to efficiently engage in international climate governance and enhance the effectiveness of local climate actions, thereby continuously promoting the active role of Chinese social organizations in the international climate process.

参与该项目的社会组织开拓了国际视野，建立了交流学习的社群，积累了“走出去”方面的知识和技能，为妇女儿童领域社会组织参与国际事务打下坚实基础。

妇女儿童领域社会组织“走出去”培训
Training on "Going Global" for Social Organizations in the Field of Women and Children

This project aims to build a network of social organizations in the field of women and children, to promote mutual learning and interaction, and to strengthen their capacity to engage in international advocacy.

In 2024, the project developed a curriculum framework for Chinese women and children's social organizations "Going Global" and produced informational videos on "COP and Gender Mechanisms" and "C20 and Gender Mechanisms", which garnered over 140,000 views. The project conducted three offline and online capacity-building training sessions for social organizations, with more than 260 participants. It also coordinated the participation of over 30 representatives from women and children's social organizations in the 15th East Asia Civil Society Forum, systematically empowering these representatives with knowledge, skills, opportunities, and practical exercises for "Going Global". Additionally, the project supported representatives from 7 social organizations to undertake short-term visits and learning exchanges with partner organizations, followed by online sharing sessions to promote experience exchange and networking among social organizations.

The social organizations involved in this project expanded their international perspectives, established communities for exchange and learning, and accumulated knowledge and skills for "Going Global". This has laid a solid foundation for women and children's social organizations to engage in international affairs.

The project, abbreviated as the CN Plan, is dedicated to bolstering the communication capabilities of Chinese social organizations under the climate agenda. It endeavors to stimulate the generation of high-quality content on the "Dual Carbon" initiatives and build a shared platform for learning and exchange among multi-stakeholders. Over the past three years, the project has supported 22 domestic social organizations in carrying out nearly 30 climate-communication projects and activities.

In 2024, the project focused on public awareness and advocacy on renewable energy issues, supporting five social organizations to implement renewable energy communication projects, and helping them to innovate their communication forms and channels through mid-term showcases, capacity-building workshops, corporate visits, and providing professional guidance on communication strategies and encouraging them to cooperate with cross-cultural platforms. The five partner organizations disseminated renewable energy content in a variety of forms, reaching a total of nearly 6 million people and creating a benchmark project on renewable energy issues, while further promoting circle-breaking dissemination and enhancing the sector's overall communication and innovation capacity.

2024年1月至12月期间，中国民促会派工作人员分别拜访和接待了来自北京市、湖北省、山西省、四川省、云南省、新疆维吾尔自治区、西藏自治区、海南省、广东省、甘肃省、重庆市共11个省市自治区的会员。通过分别与来自上述区域的27家团体会员和1位个人会员进行座谈和实地走访，了解大部分会员面临着如下挑战：第一，资金来源不稳定，缺少可持续的资金；第二，人才短缺，特别是缺少了解国际话语体系的人才；第三，资源或渠道匮乏。针对上述挑战，进一步深入讨论了中国民促会提升会员服务的方法和路径：第一，充分发挥机构的枢纽作用，为会员机构对接更多的项目或培训机会，不断总结和梳理中国实践案例，为推动社会组织走出去、讲好中国故事奠定基础；第二，充分利用机构的平台和资源优势，持续推动社会组织的能力建设，促进社会组织的健康、可持续发展；第三，整合多方资源，通过“共创、共建、共享”的方式，实现优势互补。

In 2024, CANGO visited and received 27 organizational members and 1 individual member from 11 provinces, municipalities and autonomous regions, including Beijing, Hubei, Shanxi, Sichuan, Yunnan, Xinjiang, Tibet, Hainan, Guangdong, Gansu and Chongqing. Through the discussions and onsite visits with these members, we have found the following challenges faced by members: 1. Unstable and unsustainable funding sources; 2. Shortage of the talent, especially those understanding the international concept and agenda; 3. Lack of resources or access. In view of the above challenges, it was further discussed on the methods and paths for improving member services: 1. Giving full play to the role of hubs to connect members with more projects or training opportunities, and continuously summarizing and sorting out the best cases in China for laying a foundation to promote social organizations to go global and tell Chinese stories well; 2. Making full use of CANGO's platform and resources to continuously promote social organization's capacity building to facilitate their healthy and sustainable development; 3. Integrating various resources and achieving complementary advantages through co-creation, co-construction, and sharing.

► 问卷调查 Questionnaire Survey

2024年4月，中国民促会开展了会员服务调查问卷，从机构基本信息、组织管理、会员服务需求三个方面进行了相关信息收集和分析。此次调查问卷共收到有效问卷70份，覆盖乡村振兴、妇女与儿童、气候与环境、国际交流、社区治理等诸多领域的会员。参与问卷反馈的大部分机构对“走出去”、乡村振兴和教育议题比较感兴趣，大部分关注项目管理、传播、商业计划书和互联网筹资四方面的能力建设活动。同时，通过问卷了解到大多数机构尚未获得联合国经社理事会非政府组织咨商地位，并且只有少数会员机构加入国际网络组织。此次问卷调查不仅为优化和提升会员服务水平和质量提供了思考和借鉴，而且进一步识别出已经“走出去”或有意愿“走出去”的会员机构，有助于中国民促会后续支持和推动更多的中国社会组织参与全球治理，贡献中国智慧和力量。

In April 2024, CANGO carried out a questionnaire survey on member service from three aspects: basic information, organizational management, and members' needs. There are totally 70 valid questionnaires received, involving members working on rural revitalization, women and children, climate change and environmental protection, international exchanges, and community governance. Most of the members have interests in the topics of going global, rural revitalization, and education, and are mainly concerned about capacity buildings in terms of project management, communication, proposal design, and internet fundraising. It was found that most members had not yet obtained the consultative status of non-governmental organizations with the United Nations Economic and Social Council (ECOSOC), and only a few members had joined the international networks. Through this questionnaire survey, we have not only obtained the thoughts and references for optimizing and improving the level and quality of member services, but also further identified members who have already gone global and who are willing to go global, which is conducive to subsequently supporting and promoting more Chinese social organization to participate in global governance and contribute Chinese wisdom and strength.

AUDITOR'S REPORT

审计报告

审计报告

嘉润审字（2025）022 号

中国国际民间组织合作促进会：

一、审计意见

我们审计了中国国际民间组织合作促进会（以下简称中国民促会）财务报表，包括 2024 年 12 月 31 日的资产负债表，2024 年度的业务活动表、现金流量表以及相关财务报表附注。

我们认为，后附的财务报表在所有重大方面按照《民间非营利组织会计制度》的规定编制，公允反映了中国民促会 2024 年 12 月 31 日的财务状况以及 2024 年度的业务活动成果和现金流量。

二、形成审计意见的基础

我们按照中国注册会计师审计准则的规定执行了审计工作。审计报告的“注册会计师对财务报表审计的责任”部分进一步阐述了我们在这些准则下的责任。按照中国注册会计师职业道德守则，我们独立于中国民促会，并履行了职业道德方面的其他责任。我们相信，我们获取的审计证据是充分、适当的，为发表审计意见提供了基础。

三、其他信息

中国民促会管理层对其他信息负责。其他信息包括年度报告中涵盖的信息，但不包括财务报表和我们的审计报告。

我们对财务报表发表的审计意见不涵盖其他信息，我们也不对其他信息发表任何形式的鉴证结论。

结合我们对财务报表的审计，我们的责任是阅读其他信息，在此过程中，考虑其他信息是否与财务报表或我们在审计过程中了解到的情况存在重大不一致或者似乎存在重大错报。

基于我们已执行的工作，如果我们确定其他信息存在重大错报，我们应当报告该事实。在这方面，我们无任何事项需要报告。

四、管理层对财务报表的责任

中国民促会管理层（以下简称管理层）负责按照《社会团体登记管理条例》和《民间非营利组织会计制度》的规定编制财务报表，使其实现公允反映，并设计、执行和维护必要的内部控制，以使财务报表不存在由于舞弊或错误导致的重大错报。

在编制财务报表时，管理层负责评估中国民促会的持续经营能力，披露与持续经营相关的事项（如适用），并运用持续经营假设，除非管理层计划清算中国民促会、终止运营或别无其他现实的选择。

五、注册会计师对财务报表审计的责任

我们的目标是对财务报表整体是否不存在由于舞弊或错误导致的重大错报获取合理保证，并出具包含审计意见的审计报告。合理保证是高水平的保证，但并不能保证按照审计准则执行的审计在某一重大错报存在时总能发现。错报可能由于舞弊或错误所导致，如果合理预期错报单独或汇总起来可能影响财务报表使用者依据财务报表作出的经济决策，则通常认为错报是重大的。

在按照审计准则执行审计的过程中，我们运用了职业判断，并保持了职业怀疑。同时，我们也执行以下工作：

（一）识别和评估由于舞弊或错误导致的财务报表重大错报风险，设计和实施审计程序以应对这些风险，并获取充分、适当的审计证据，作为发表审计意见的基础。由于舞弊可能

涉及串通、伪造、故意遗漏、虚假陈述或凌驾于内部控制之上，未能发现由于舞弊导致的重大错报的风险高于未能发现由于错误导致的重大错报的风险。

（二）了解与审计相关的内部控制，以设计恰当的审计程序，但目的并非对内部控制的有效性发表意见。

（三）评价管理层选用会计政策的恰当性和作出会计估计及相关披露的合理性。

（四）对管理层使用持续经营假设的恰当性得出结论。同时，根据获取的审计证据，就可能导致对中国民促会持续经营能力产生重大疑虑的事项或情况是否存在重大不确定性得出结论。如果我们得出结论认为存在重大不确定性，审计准则要求我们在审计报告中提请报表使用者注意财务报表中的相关披露；如果披露不充分，我们应当发表非无保留意见。我们的结论基于截至审计报告日可获得的信息。然而，未来的事项或情况可能导致中国民促会不能持续经营。

（五）评价财务报表的总体列报、结构和内容（包括披露），并评价财务报表是否公允反映相关交易和事项。

我们与管理层就计划的审计范围、时间安排和重大审计发现等事项进行沟通，包括沟通我们在审计中识别出的值得关注的内部控制缺陷。

截至 2024 年 12 月 31 日止，中国民促会财务状况如下：

AUDITORS' REPORT

JRSZ (2025) No.022

To China Association for NGO Cooperation :

I. Auditor's Opinion

We have audited the financial statements of China Association for NGO Cooperation (hereinafter referred to as "CANGO"), which comprise the balance sheet as of December 31, 2024, the related operational activities statement for the year, the statement of cash flows for the year, and notes to the related financial statements.

In our opinion, the accompanying financial statements of CANGO comply with the requirements of the Accounting System for Nongovernmental Nonprofit Organization in all material respects, and present fairly the financial position of CANGO as of December 31, 2024, the results of operational activities and cash flows for the year.

II. Basis for Opinion

We conducted our audit in accordance with the Auditing Standards of Chinese Certified Public Accountants. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of CANGO in accordance with the China Code of Ethics for Certified Public Accountants, and we have fulfilled our other ethical responsibilities. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

III. Other Information

The Management of CANGO is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

IV. Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Management of CANGO is responsible for the preparation and fair presentation of the financial statements in accordance with Regulations on the Registration of Social Organizations and Accounting System for Non-Profit Organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing CANGO's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate CANGO or to cease operations, or has no realistic alternative but to do so.

V. Certified Public Accountants' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the audit standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the audit standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the representative office's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

4. Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on CANGO's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause CANGO to cease to continue as a going concern.

5. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
