CHAIR'S MESSAGE

理事长 寄语

心之所向，素履以往

FOLLOW THE HEART, FORGE AHEAD WITH A STEADFAST STEP

赵喜玲 Ms. Zhao Xiling
理事长 CHAIR

冬意渐浓，暖聚同行。当2025年的日历即将翻过最后一页，站在这满载收获与感动的节点，我的心中满是深沉的感恩与滚烫的期许。此刻，我谨代表中国民间促进会第八届理事会，向每一位与我们并肩走过这一程的同行者、向给予我们悉心指导的相关主管部门、向恪尽职守的监事会同仁、向鼎力支持的国内外合作伙伴、向携手共进的会员、向勤勉务实、默默耕耘的秘书处同事、向无私奉献的志愿者，以及所有关心中国民间促进会发展的各界友人，致以最诚挚的感谢与最崇高的敬意！正是你们的“看见”与“同行”，赋予了我们这一年坚定前行的力量，也让沿途的风景始终洋溢着温暖的光芒。

这一年，恰逢全球治理倡议深化、高水平对外开放推进的里程碑时刻，社会组织参与国际交流合作的舞台愈发宽广。我们锚定“国际化枢纽”与“走出去平台”的核心定位，踏实推进每一项工作。《和合共生：全球气候治理的中国民间力量》的出版，凝聚了伙伴们深夜研讨的智慧、会员单位的奔走与秘书处的细致付出，让中国民间声音在全球治理舞台上有了更响亮的表达。在国际交流中，我们努力成为中外民间的“连接器”，通过真诚交流增进理解与互信，让合作的种子生根发芽；在会员服务中，我们主动作为，全程陪伴，倾听诉求，解决问题，让平台更有温度、更具韧性。在第八届理事会第三次全体会议的议题小组讨论中，大家既分享实践干货，也直面挑战建言献策，在“直击痛点、共寻良方”的氛围里凝聚共识、明确方向。这些来自伙伴们的真知灼见，正是中国民间促进会最宝贵的财富。像中国民间促进会的Logo一般，既似“众”字相拥，又若地球环绕，每一笔都是同行者的身影。

公益之路，贵在补位、重在同行。我们看见社会发展中的真实需求，看见合作前行中的现实缺口，便以微薄之力去填补、去温暖，这正是我们坚守的初心。《道德经》有言：“人之道，损不足以奉有余；天之道，损有余而补不足。”我们这些公益人，正是在践行这份初心，用行动补短板、暖人心。也正因如此，我们在面对困难时不退缩，在遭遇误解时不气馁，因为我们深知，每一次“看见”都是一份责任，每一次“链接”都是一份希望。

展望2026年，前路或有风雨，但更见曙光。未来，愿我们始终怀着“在一起”的初心：有想法坦诚表达，有困难共同面对，有资源彼此分享，有成果一起庆祝。让中国民间促进会成为大家可以信赖的“家园”，成长的“驿站”，更是携手实现公益理想的“舞台”。愿我们在新的一年里，初心不改，步履不停，一起书写更多温暖与感动的故事！

Winter deepens, and warmth gathers among fellow travelers. As the calendar of 2025 is about to turn its last page, standing at this milestone filled with gains and emotions, my heart is full of profound gratitude and fervent hopes. At this moment, on behalf of the 8th Council of CANGO, I would like to extend my sincerest thanks and highest respect to every fellow traveler who has walked with us this year: to the relevant competent departments that have given us meticulous guidance; to the colleagues of the Board of Supervisors who have performed their duties faithfully; to domestic and international partners who have lent us strong support; to the members who have forged ahead hand in hand with us; to the colleagues of the Secretariat who have worked diligently and quietly; to the volunteers who have dedicated themselves selflessly, and to friends from all walks of life who care about the development of CANGO! It is your "attention" and "companionship" that have endowed us with the strength to move forward firmly this year, and made the scenery along the way always brim with warm light.

This year coincides with a milestone when the Global Governance Initiative is deepened and high-standard opening up is advanced, and the stage for social organizations to participate in international exchanges and cooperation has become broader than ever. We have firmly anchored our core positioning as an "international hub" and a "going global platform", and steadily pushed forward every piece of work. The publication of *Harmony and Coexistence: China's Civil Society in Global Climate Governance* embodies the wisdom of partners from late-night discussions, the efforts of member units, and the meticulous

dedication of the Secretariat, making the voice of Chinese civil society resound more loudly on the global governance stage. In international exchanges, we strive to be a "connector" between Chinese and foreign civil societies, enhancing understanding and mutual trust through sincere communication and letting the seeds of cooperation take root and germinate; in member services, we take proactive actions, provide whole-process companionship, listen to demands and solve problems, making the platform warmer and more resilient. In the thematic group discussions at the Third Plenary Session of the 8th Council, everyone not only shared practical experience, but also faced challenges head-on to put forward suggestions, forging consensus and clarifying directions in an atmosphere of "addressing pain points directly and seeking solutions together". These insightful opinions from partners are the most precious wealth of CANGO. Just like the logo of CANGO, which is not only like the Chinese character "Zhong" (a gathering of people) embracing each other, but also like the earth circling around, every stroke represents the figure of a fellow traveler.

The road of public welfare lies in filling the gaps and, more importantly, walking together. We see the real needs in social development and the practical gaps in cooperative progress, and then do our bit to fill them and bring warmth—that is the original aspiration we uphold. As the Tao Te Ching goes: "The way of man is to take from those who have not enough to give to those who have too much; the way of heaven is to take from those who have too much to give to those who have not enough." We, practitioners of public welfare, are precisely fulfilling this original aspiration, and taking actions to fill the shortcomings and warm people's hearts. For this very reason, we do not flinch in the face of difficulties and do not become discouraged when encountering misunderstandings, because we deeply understand that every act of "seeing" is a responsibility, and every act of "connecting" is a hope.

Looking ahead to 2026, there may be storms on the road, but the dawn is even more visible. In the future, may we always hold fast to the original aspiration of "being together": express our thoughts openly, face difficulties together, share resources with each other, and celebrate achievements as one. Let CANGO become a trustworthy "home", a growing "station" for everyone, and even a "stage" to realize public welfare ideals hand in hand. May we remain true to our original aspiration, keep moving forward in the new year, and write more warm and touching stories together!

◎ WORK SUMMARY FOR 2025

In 2025, under the leadership of the Council and with the supervision and support of the Board of Supervisors, the Secretariat closely focused on the strategic positioning of being an "international hub" and a "going global platform". Amid a complex industrial environment, we united our efforts and achieved solid results in internal governance, team building, business development and other aspects, fulfilling the core annual goals.

1.Strengthening Party Building Leadership and Standardizing Internal Governance

Under the guidance of the Central Work Department of Social Work, CANGO integrated Party work into the whole process of the organization's operation and development, promoting its standardized and healthy development. In accordance with the Charter, we held 1 Council meeting, 2 Standing Council meetings and 2 Board of Supervisors meetings to deliberate on important matters such as system construction and annual plans. During the year, we revised 11 administrative, financial and other systems, formulated the decision-making system for "Three Majors and One Large" matters, and improved the internal management system.

2.Deepening Team Building and Enhancing Comprehensive Efficiency

We implemented a new salary and welfare standard and performance management system, clarified the connection between employees' work objectives and the organization's strategy through performance contracts, and enhanced employees' sense of achievement and happiness. The whole year saw 17 employee capacity-building trainings covering law, finance, brand building and other fields; employees voluntarily participated in 12 relevant trainings on leadership, AI application and so on, which comprehensively improved the professional quality and business capabilities of the team and injected strong impetus into the organization's development.

3.Focusing on Core Business and Expanding Cooperation Space

Centering on the two strategic goals, we carried out a series of empowerment activities on issues such as climate change, gender equality and partnership, enhancing social organizations' professional competence in thematic issues, organizational development capacity and international participation capacity. The total project income reached 8.7 million yuan with a total expenditure of 11 million yuan, benefiting more than 6,852 people directly. We explored new social enterprise cooperation businesses and participated in important events such as the "2025 China Enterprises Going Global Summit Forum" and the "2025 ESG Conference and Forum on Enterprise Green and Low-Carbon Transformation" to share industry insights.

4.Upgrading Member Services and Boosting Industrial Development

We optimized the member service system from multiple dimensions, recruited 32 new members covering 16 provinces and municipalities throughout the year, with a focus on expanding international-oriented members. We upgraded the member database and promoted the construction of a digital service system and mini-programs. We accurately grasped members' needs through questionnaires, visits and other means and built a diversified information sharing platform combining online and offline channels. We strengthened the coordination between project cooperation and member services, provided more than 100 services and over 800,000 yuan in small-sum grants for nearly 50 member units, and gave full play to the role of governing units and individual directors to gather synergy for industrial development.

5.Deepening Global Governance and Expanding International Influence

Relying on multiple international identities, we supported social organizations in participating in 11 multilateral international conferences such as the UN Climate Change Conference and the G20 Civil Society Conference, and organized 2 international study visits and exchange activities. We successfully obtained the observer status of the Intergovernmental Panel on Climate Change (IPCC) and established contact with the Green Climate Fund (GCF), expanding cooperation platforms. We effectively raised CANGO's voice and influence on the international stage and contributed Chinese civil society strength to global governance.

6.Creating Knowledge Products and Leading Industrial Development

In cooperation with China Economic Publishing House, CANGO published the book *Harmony and Coexistence China's Civil Society in Global Climate Governance* which systematically outlines the dynamic evolution of Chinese social organizations from passive onlookers to active participants in global governance. The book was released globally for the first time during the 30th Session of the Conference of the Parties to the UN Framework Convention on Climate Change (COP30), providing the industry with a public good with both practical reference and theoretical value.

◎ WORK PLAN FOR 2026

In 2026, under the leadership of the Council, the Secretariat will base itself on the results of the mid-term strategic evaluation, accurately address industrial challenges, take optimization and upgrading as the core, continuously strengthen the platform and hub functions, and promote the sustainable development of the industry.

1.Improving the Talent System and Consolidating the Foundation for Development

Through the dual drive of external recruitment and internal training, we will clarify the competency models for key positions, introduce mature professional talents, improve the mentorship system and practical training system for young employees, and build a talent team with a reasonable structure and clear echelon to provide talent guarantee for CANGO's development.

2.Optimizing the Council Structure and Enhancing Governance Efficiency

In accordance with relevant policy requirements, we will conduct a comprehensive self-inspection and evaluation of the Council's operation, optimize the structure of the Council in terms of professional background and field distribution, and improve the decision-making process. We will strengthen the role of the Council in resource connection and policy advocacy through thematic groups and industry seminars, and promote the efficient performance of duties by the Council.

3.Focusing on Key Fields and Strengthening Platform Functions

We will develop new cooperation projects around climate change, gender equality, digital inclusion and other fields, and further strengthen the alignment between domestic actions and international agendas. We will deepen interactions with the UN system and multilateral platforms, apply for the observer status of the Green Climate Fund (GCF), and broaden CANGO's channels for participating in global governance.

4.Deepening Member Services and Building a Collaborative Ecosystem

We will launch the member digital service system and mini-programs, enrich the carriers of communication and interaction, and enhance the depth of member collaboration. We will dynamically update member needs and service content, optimize the service mechanism, steadily expand the member network, build a multi-level, diverse and sustainable member ecosystem, and promote in-depth industrial cooperation with thematic issues as the link for CANGO.

5.Creating Social Enterprise Cooperation Models and Expanding Cooperation Dimensions

We will systematically build a cooperation platform for social organizations and enterprises for CANGO. Focusing on the new energy industry and combining with the community integration needs of enterprises going global, we will create demonstration projects for social enterprise cooperation, attach importance to model refinement and result visualization, and form a complete cooperation closed loop covering demand connection, joint project construction and case communication.

6.Strengthening Risk Prevention and Control and Enhancing Development Resilience

We will give play to the political oversight role of the Party branch to ensure the legality and compliance of all work of CANGO. We will improve the risk registration and evaluation mechanism and sort out potential risks. We will deepen the support of legal advisors, carry out enterprise-wide risk prevention and control training, embed risk management into the whole project process, and establish a closed-loop mechanism of pre-event prevention, in-event control and post-event improvement to enhance CANGO's risk resistance capacity.

提高社会组织以性别视角应对气候变化能力项目

项目旨在提高社会组织以性别视角应对气候变化的能力，通过开展知识梳理与能力建设、支持社会组织在高层次国际平台的参与、支持社会组织参与“北京+30议程”等活动，支持性别敏感的气候行动。

2025年6月以来，项目进行了气候与性别主题的培训材料本地化开发，并举办线上能力建设工作坊1场。在国际参与方面，项目支持1家社会组织在联合国气候变化大会（COP30）主题边会上发言，介绍其机构开展的关注气候与性别交叉议题的工作，并在现场展览中介绍9家国内社会组织开展的具有性别视角的气候行动案例，促进相关议题的国际交流。此外，项目在京举办“平等未来，行动赋能：北京+30纪念活动”，回顾中国近年来在性别平等领域取得的良好实践，并汇聚了各利益相关方，探索了加速实现性别平等及全体妇女与女童发展新路径的未来契机。

Strengthen CSO's Capacity on Addressing Climate Change with a Gender Lens

Dedicated to promoting gender-responsive climate action, this project empowers CSOs to tackle climate challenges through a gender lens. It achieves this by synthesizing knowledge, building institutional capacity, and enabling participation in pivotal global forums, including the Beijing+30 process.

Starting in June 2025, the project has localized training materials on climate and gender themes and conducted one online capacity-building workshop. Regarding international engagement, the project supported one CSO in presenting at a thematic side event of the COP30, where it showcased its work on the intersection of climate and gender. Additionally, nine case studies of gender-responsive climate actions by domestic organizations were featured in an on-site exhibition to foster international exchange. Furthermore, the project hosted “Equal Future, Empowered Action” : A Beijing+30 Commemorative Event in Beijing. This gathering reviewed China's recent best practices in gender equality, brought together diverse stakeholders, and explored future opportunities to accelerate gender equality and identify new pathways for the development of all women and girls.

青年绿色发展项目

项目旨在通过青年赋能、支持青年行动、培养青年领袖、支持社会组织等方式，推动青年女性参与气候行动、提升公众对绿色发展理念及气候变化的认识。

2025年，项目支持**3**名青年女性参加国际计划亚太青年领袖峰会、联合国气候变化大会等国际会议，分享青年女性绿色行动案例；召开“气候变化x性别平等x青年赋能”主题培训会，通过理论知识普及与行动案例分享，为社会组织如何更好地支持青年女性参与气候行动进行知识与实践层面的双重赋能；资助**10**家社会组织开展面向青年女性的活动，覆盖受气候变化影响的残障女性、乡村女性、职校女生等多样化群体，伙伴机构共开展活动**60**余场，覆盖**2000**余人，其中青年女性占比一半以上。项目还通过桌面调研、访谈与案例研究分析青年女性参与气候行动的现状与阻碍，并提出相应建议。

项目有效促进社会组织对气候变化与性别平等交叉议题的理解与实践，并推动青年女性发挥其主体性参与气候行动，在国际舞台展现青年女性行动风采。

Youth in Action for Climate Change

The project aims to promote the participation of young women in climate action and enhance public awareness of green development concepts and climate change through youth empowerment, support for youth-led initiatives, cultivation of youth leaders, and assistance to CSOs.

In 2025, the project supported **3** young women to attend international conferences such as the Plan International Asia-Pacific Youth Leadership Summit and the UN Climate Change Conference (COP30), where they shared cases of green actions led by young women. A thematic training session on "Climate Change x Gender Equality x Youth Empowerment" was held, combining theoretical knowledge with practical cases to equip CSOs with both conceptual and practical tools for better supporting young women in climate action. The project also supported **10** CSOs to carry out activities targeting young women, including those from marginalized groups such as women with disabilities, rural women, and female vocational school students who are disproportionately affected by climate change. Partner organizations conducted over **60** activities, reaching more than **2,000** participants, over half of whom were young women. Additionally, the project conducted desktop research, interviews, and case studies to analyze the status and barriers to young women's participation in climate action, providing corresponding recommendations.

The project has effectively enhanced CSOs' understanding and practice of the intersection between climate change and gender equality, empowered young women to participate in climate action as active subjects, and showcased the exemplary actions of young women on the international stage.

The project (CN Initiative) aims to enhance the communication capacity of Chinese CSOs on climate issues, promote the production of high-quality "dual carbon" communication content, and build a shared platform for multi-stakeholder learning and exchange.

Over the past four years, the project has supported a total of **23** partner organizations, covering **15** provinces, municipalities and autonomous regions, and carried out **30** climate communication actions. The project covers a wide range of themes, including popularization and development of carbon knowledge, low-carbon community practices and public participation, cultural heritage and climate change, application and promotion of renewable energy, and renewable energy education for teenagers.

In 2025, the project supported **4** Chinese CSOs and encouraged them to integrate cross-border resources such as media and cultural platforms to carry out "breakthrough" communication on renewable energy issues, with the communication results reaching nearly **3** million people. Through multi-dimensional support including pre-empowerment at the launch meeting, mid-term presentation and exchange, climate communication capacity-building workshops, and professional communication strategy guidance, the project helped partner organizations improve communication effectiveness. Meanwhile, partner organizations implemented projects from four different themes: green finance, low-carbon communities, ethnic culture, and regional low-carbon transition, further enriching the forms and carriers of climate change communication for the public.

可持续国际合作：社会组织走出去项目

项目自2015年启动，旨在推动中国社会组织深度参与以二十国集团民间社会会议（C20）为代表的国际多边平台，通过政策倡导实践深化其对全球治理机制的认知，全面提升中国民间力量参与国际事务的专业能力与话语权。

2025年，项目通过深度参与2025金砖国家民间社会论坛（Civil BRICS）“生态组”的政策建议工作，以及开展宣介会、赋能工作坊，帮助中国社会组织深入了解新兴倡导平台参与机制；通过专家分享、经验复盘、实操指南等内容，助力中国社会组织提升参与全球治理的能力。

2025年南非担任G20主席国期间，中国民促会支持6家涵盖政策研究、公益实践、国际合作、绿色发展等多元领域的社会组织，远赴南非约翰内斯堡参加C20，并拜访南非金砖国家智库（South African BRICS Think Tank）、新南方研究所（New South Institute）等机构，围绕可持续发展、公共服务、气候治理、为南方国家发声等共同关心的议题，开展深入探讨、凝聚合作共识。

Sustainable International Cooperation: Increase Chinese NGO's Capacity on Going Global

Launched in 2015, the project aims to promote the in-depth participation of Chinese CSOs in international multilateral platforms, with a focus on the Civil 20 Conference. Through policy advocacy practice, it deepens their understanding of global governance mechanisms and comprehensively enhances the professional capacity and influence of Chinese civil society in international affairs. In 2025, the project engaged deeply in the policy recommendation work of the "Ecological Group" under the Civil BRICS Forum. It also organized briefing sessions and capacity-building workshops to help Chinese CSOs better understand emerging advocacy platforms and participation mechanisms. Through expert sharing, experience reviews, and practical guidance, the project strengthened Chinese CSOs' ability to engage in global governance.

Also, the project supported 6 CSOs working on policy research, public welfare practice, international cooperation, and green development to attend the C20 in Johannesburg, South Africa and visited institutions such as the South African BRICS Think Tank and the New South Institute, conducting in-depth discussions on issues of common concern including sustainable development, public services, climate governance, and amplifying the voices of the Global South, thereby fostering consensus and collaboration.

审计报告

嘉润审字（2026）020号

中国国际民间组织合作促进会：

一、审计意见

我们审计了中国国际民间组织合作促进会（以下简称中国民促会）财务报表，包括2025年12月31日的资产负债表，2025年度的业务活动表、现金流量表以及相关财务报表附注。

我们认为，后附的财务报表在所有重大方面按照《民间非营利组织会计制度》的规定编制，公允反映了中国民促会2025年12月31日的财务状况以及2025年度的业务活动成果和现金流量。

二、形成审计意见的基础

我们按照中国注册会计师审计准则的规定执行了审计工作。审计报告的“注册会计师对财务报表审计的责任”部分进一步阐述了我们在这些准则下的责任。按照中国注册会计师职业道德守则，我们独立于中国民促会，并履行了职业道德方面的其他责任。我们相信，我们获取的审计证据是充分、适当的，为发表审计意见提供了基础。

三、其他信息

中国民促会管理层对其他信息负责。其他信息包括年度报告中披露的信息，但不包括财务报表和我们的审计报告。

我们对财务报表发表的审计意见不涵盖其他信息，我们也不对其他信息发表任何形式的鉴证结论。

结合我们对财务报表的审计，我们的责任是阅读其他信息，在此过程中，考虑其他信息是否与财务报表或我们在审计过程中了解到的情况存在重大不一致或者似乎存在重大错报。

基于我们已执行的工作，如果我们确定其他信息存在重大错报，我们应当报告该事实。在这方面，我们无任何事项需要报告。

四、管理层对财务报表的责任

中国民促会管理层（以下简称管理层）负责按照《社会团体登记管理条例》和《民间非营利组织会计制度》的规定编制财务报表，使其实现公允反映，并设计、执行和维护必要的内部控制，以使财务报表不存在由于舞弊或错误导致的重大错报。

在编制财务报表时，管理层负责评估中国民促会的持续经营能力，披露与持续经营相关的事项（如适用），并运用持续经营假设，除非管理层计划清算中国民促会、终止运营或别无其他现实的选择。

五、注册会计师对财务报表审计的责任

我们的目标是对财务报表整体是否不存在由于舞弊或错误导致的重大错报获取合理保证，并出具包含审计意见的审计报告。合理保证是高水平的保证，但并不能保证按照审计准则执行的审计在某一重大错报存在时总能发现。错报可能由于舞弊或错误所导致，如果合理预期错报单独或汇总起来可能影响财务报表使用者依据财务报表作出的经济决策，则通常认为错报是重大的。

在按照审计准则执行审计的过程中，我们运用了职业判断，并保持了职业怀疑。同时，我们也执行以下工作：

（一）识别和评估由于舞弊或错误导致的财务报表重大错报风险，设计和实施审计程序以应对这些风险，并获取充分、适当的审计证据，作为发表审计意见的基础。由于舞弊可能涉及串通、伪造、故意遗漏、虚假陈述或凌驾于内部控制之上，未能发现由于舞弊导致的重大错报的风险高于未能发现由于错误导致的重大错报的风险。

（二）了解与审计相关的内部控制，以设计恰当的审计程序，但目的并非对内部控制的有效性发表意见。

（三）评价管理层选用会计政策的恰当性和作出会计估计及相关披露的合理性。

（四）对管理层使用持续经营假设的恰当性得出结论。同时，根据获取的审计证据，就可能对中国民促会持续经营能力产生重大疑虑的事项或情况是否存在重大不确定性得出结论。如果我们得出结论认为存在重大不确定性，审计准则要求我们在审计报告中提请报表使用者注意财务报表中的相关披露；如果披露不充分，我们应当发表非无保留意见。我们的结论基于截至审计报告日可获得的信息。然而，未来的事项或情况可能导致中国民促会不能持续经营。

（五）评价财务报表的总体列报、结构和内容（包括披露），并评价财务报表是否公允反映相关交易和事项。

我们与管理层就计划的审计范围、时间安排和重大审计发现等事项进行沟通，包括沟通我们在审计中识别出的值得关注的内部控制缺陷。

截至 2025 年 12 月 31 日止，中国民促会财务状况如下：

AUDITORS' REPORT

JRSZ (2026) No.020

To China Association for NGO Cooperation:

I. Auditor's Opinion

We have audited the financial statements of China Association for NGO Cooperation (hereinafter referred to as "CANGO"), which comprise the balance sheet as of December 31, 2025, the related operational activities statement for the year, the statement of cash flows for the year, and notes to the related financial statements.

In our opinion, the accompanying financial statements of CANGO comply with the requirements of the Accounting System for Nongovernmental Nonprofit Organization in all material respects, and present fairly the financial position of CANGO as of December 31, 2025, the results of operational activities and cash flows for the year.

II. Basis for Opinion

We conducted our audit in accordance with the Auditing Standards of Chinese Certified Public Accountants. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of CANGO in accordance with the China Code of Ethics for Certified Public Accountants, and we have fulfilled our other ethical responsibilities. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

III. Other Information

The Management of CANGO is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

IV. Responsibilities of Management and Those Charged with Governance for the

Financial Statements

The Management of CANGO is responsible for the preparation and fair presentation of the financial statements in accordance with Regulations on the Registration of Social Organizations and Accounting System for Non-Profit Organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing CANGO's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate CANGO or to cease operations, or has no realistic alternative but to do so.

V. Certified Public Accountants' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the audit standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the audit standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also: Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the representative office's internal control.

3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

4. Conclude on the appropriateness of Management's use of the going concern basis

of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on CANGO's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause CANGO to cease to continue as a going concern.

5. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
